This SF 115, which I drafted for the Defense Intelligence Agency (DIA), pertains to records accumulated within DIA in connection with recent investigations conducted by select committees of Congress, the Pike Committee in the House and the Church Committee in the Senate. I prepared this SF 115 based on a meeting with the current custodians of the records as well as an examination of the item listings of documents referred to in the series description.

I believe we should approve this job as written since these records are so obviously permanent and because a 30 year offer date is reasonable and in line with the offer dates for other sensitive DIA records. I think we can safely send this job on to NNM for signature without first submitting it for review and comment.

X Once the Archivist has approved this job, a copy should be sent to the Senate Committee on Intelligence. ✓
