Series 00

00 GENERAL ADMINISTRATIVE SHORT-TERM TEMPORARY FILES. File consisting of temporary material that is useful but not essential to record the program activity of the office holding it. These files are considered housekeeping files, reading files, ~~publications files~~, extra copy files, information copy files, etc. In many cases, there is a separate office of primary interest that maintains a related master copy for long-term retention. The material covered in this category should be destroyed WITHOUT FILING, thus reducing the volume of material in the files and making them more serviceable. The following standards cover the more common types of these temporary materials produced by DeCA offices. These are considered temporary materials by DeCA offices and activities. These temporary materials WILL NOT be transferred to the Records Holding Area (RHA) or the Federal Records Center (FRC). All items in this schedule are considered "Media Neutral."
