Defense Commissary Agency (DeCA)

Produce Pricing System

**System Name:** Produce Pricing System

**Privacy Act:** Produce Pricing System is not a Privacy Act System of Records.

**Restrictions:** Produce Pricing System is not subject to FOIA

**System Description:** The DeCA Produce Pricing System is a Microsoft Access 2000 MDE data system developed by a contractor for the Agency in 1998. The Produce Pricing System provides a central location for performing produce item maintenance, ordering, and inventory tasks. Each commissary is provided the produce pricing software that is originally contained on a CD and installed on a commissary personal computer (PC). The Produce Pricing System does not interface with any other systems. The system provides an interface screen that allows users to download produce catalog data and to send order data through the Internet to various contractors. Approximately 300-400 users access the Produce Pricing System to do produce item maintenance activities, and to maintain summary general ledger information and produce inventory.

The Produce Pricing System is utilized by commissary employees. The system is capable of performing the following functions:

- Produce Item Maintenance
- Ordering/Catalog Interface
- General Ledger
- Commissary Information

**Media Neutrality:** The Produce Pricing System schedule is media-neutral and applies to all records it describes regardless of whether they are created and/or maintained on paper or in an electronic format, unless otherwise specified in the schedule.
