7. ITEM NO

8. DESCRIPTION OF ITEM
(With Inclusive Dates or Retention Periods)
Fire Protection (Table 92-1) (Applicable Air Force-wide)

The purpose of this submission is to add a new rule 17 to cover AF Form 1027, Water Flow Test Records. The AF Form 1027 had formerly been disposed of under Table 92-1, rule 6. Now it is necessary to hold these records for a five year period. Therefore, a new rule is established. This new rule is necessary to pinpoint significant changes in the base water distribution system and fire demand. This disposition will allow the long range planning necessary to upgrade base water distribution systems when required by new construction, mission change, etc.
