1	<p>Observing Records (Table 105-1) (Applicable Air Force-wide)</p> <p>The purpose of this submission is to make changes in rule 13 and 14 and add rules 13.1, 13.2, 13.3, 14.1 and 14.2. The current rules 13 and 14 do not adequately cover all satellite data being accumulated at unit level. Satellite data is received continuously at most Air Weather Service (AWS) units, in much the same manner that teletype data and facsimile data is received. The data are perishable and most are of no further use at unit level after a few days.
