1. The purpose of this submission is to change disposition in rule 45 to "destroy after 1 year; earlier disposition authorized, if no longer needed". We have a Model Installation Program proposal which requests disposal of the Custodian Request Log earlier than 1 year. The log lists the customer's request. As they are cleared, they are crossed off, those not closed out at the end of the year are carried over and entered in the next year's log. Some equipment custodians find that they can dispose of the log as soon as it is cleared. They do not need to refer back to it, they believe they can locate the information through other supply records. We want to make the rule flexible enough to let the equipment custodian keep for a year or dispose earlier as applicable.

2. Request your favorable consideration.
