10. ACTION TAKEN (NARS USE ONLY)

1. This is a revision of table 210-2. The previous table should have included other offices than HQ USAF in Column C. In rule 1, we have changed Column C to Secretary of the Air Force, Public Affairs. This office is responsible for the overall museum program. We have also added the USAF Museum (USAFM) as having permanent records. They maintain additional significant historical material pertaining to the management of the museums that is valuable. The annual accumulation of records is small at present since the Air Force is not establishing any new museums. Files on hand at the USAFM are approximately 4 cubic feet and at SAF/PA about 10 cubic feet.

2. Rule 1.1 covers general authority files kept at the major air and subordinate commands. These records have long term reference value even after the museums are closed.

3. Rule 3 disposition is changed to destroy 20 years after the museum is inactivated and all claims are settled. Rule 3.1 covers the monographs, photo-graphs, and special studies. We consider these permanent records. These must be kept at the museums until inactivation. We do not agree with your suggestion that museum monographs be offered to NARA in 10 year blocks when the latest monograph is 10 years

	<p>old. (See your appraiser's comments on NCI-AFU-83-78). The monographs have continuing interest to the museum and must be retained until the museum is closed, then they are transferred to USAFM. If they do not need to retain, the records may be offered to NARA after the museum has been closed for 5 years. We were unable to ascertain the volume of these files. We believe the holdings are small.</p> <p>4. Rules 5 and 6 did not change. Rule 7 has been added to cover the Report of Historic Property. The USAFM will retain for 20 years for reference and trend analysis purposes. Other offices may destroy the report when it is 5 years old (rule 7.1).</p>
