1	<p>CONTRACT PERFORMANCE RECORDS (T70-5) (Applicable Air Force-wide)</p> <p>This is a revision to our table 70-5. The purpose of this submission is to alter rules 20, 21, and 22 for <u>Debarment/Suspension Case Files</u> (formerly Procurement Fraud Case Files). This action eliminates these records series from "un-scheduled permanent" retention and establishes definitive disposition instructions.</p> <p>These documents are initiated at specific levels to suspend/debar a contractor or potential contractor, from doing Air Force business. Interest in these records involves two aspects: (a) they are supporting documents to Air Force contract case files which are destroyed 6 years and 3 months after final payment, and (b) certain cases are of continuing interest. Debarment/suspension</p> <p>[continued on next page...]</p>	NN-170-33	

*Copies sent to NN-W, NNT, NCF, NIA 7/27/92*

documents support the Government's actions to discontinue existing contracts, defend the withholding of contract awards for a certain vendor, answer inquiries from other Federal agencies, or defend the Government in litigation.

**CONTRACT-SUPPORT:**

Contracting officers initiate cases when appropriate (see Atch 2). Generally, debarments/suspensions are valid for a period of three years; directives provide for an extension/renewal based on a review of the case.

Our proposed retention period of 6 years and 3 months is for routine contract-supporting cases coincides with the other military branches and the provisions of the Federal Acquisition Regulation (FAR) (see Atch 3).

Our proposed retention permanent is for certain contract-supporting cases of lasting significance due to their unique circumstances, anticipated political or Congressional interest, potential long-term informational value for another Federal agency, or possible public media coverage.

Usage can be as frequently as daily until the vendor's rebuttal is settled; then the documents are retained for review at the end of three years. At that time, the debarment/suspension may be continued or stopped. The debarment/suspension case files are closed only when the last contract related to that vendor has been closed.

**LITIGATION-SUPPORT:**

Sometimes debarment/suspension cases are litigated. In the normal course of business, a duplicate of each debarment/suspension case file is provided to the legal office by the acquisition office (see Atch 4). These documents are part of the litigation case file and are retained appropriately.

We attach our proposed disposition instructions, FAR retention requirements, operating instructions, and General Accounting Office's concurrence (at Atch 5).
