

INACTIVE - ALL ITEMS SUPERSEDED OR OBSOLETE

Schedule Number: NC-AFU-75-020

All items in this schedule are inactive. Items are either obsolete or have been superseded by newer NARA approved records schedules.

Description:

Item 67/1/6.1 was superseded by NC1-AFU-77-047 / 67/1/6.1.

In 1989, Air Force submitted N1-AFU-90-003 to cover all of their temporary items in AFR 12-50, Volume II, Disposition of Air Force Records (dated 1987) under a single job number. The remaining items on this schedule were temporary items. It is assumed that the remaining items on this schedule were therefore superseded by N1-AFU-90-003.

1	SUPPLY MANAGEMENT RECORDS (67-1) (Applicable Air Force-Wide) Daily Summaries of Not Operationally Ready Supply (NORS) Listings. The attached changes to AFM 12-50, table 67-1, rule 6, are to reduce the retention period of daily summaries of NORS listings from 6 months to 1 month at Air Logistics Centers of the Air Force Logistics Command, and 3 months at base level Air Force-wide. NORS listings provide an audit trail of all reportable NORS incidents, NORS related cannibalizations, and war reserve materiel withdrawals to satisfy or preclude NORS incidents. Listings are also utilized to obtain data required to respond to AF Logistics Command interrogations which require the preparation and submission of NORS cards for past incidents. The daily NORS listings at base level are not replaced by consolidated monthly summaries. Therefore, once destroyed, no other record of NORS related report data is available. Retention of daily listings for 3 months at base level would enable bases to respond to these interrogations on a timely basis. Response requires recreation of punch cards with exact data elements reported on the original NORS report. On the other hand, the daily listings at the Air Logistics Centers only have a value for 30 days to provide management with data for use in determining required actions to satisfy NORS conditions.
