MOTOR VEHICLE OPERATOR'S RECORDS
(Table 77-2)
(Applicable Air Force-wide)

The purpose of this submission is to revise disposition criteria for Operator's Inspection Guide and Trouble Reports currently scheduled under AFM 12-50, Table 77-2, Rule 11. These documents are used by vehicle and equipment operators to record vehicle deficiencies noted during daily inspections. Each form covers the deficiencies noted in a given month.

The current disposition authority requires destruction of the document by the vehicle operator at the end of each month; the revised criteria allow short-term file retention by vehicle control officers for maintenance management purposes. A sample form is attached.
