	<p>R & D PLANNING AND PROGRAMMING RECORDS (Table 80-1) (Applicable Air Force-wide)</p> <p>The purpose of this submission is to establish disposition authority for Independent Research Fund Records (Laboratory Director's Funds). The records are not currently scheduled in AFM 12-50.</p> <p>The Independent Research Fund was created to make some funds available to the laboratory director without the usual justification, review, and delay associated with the annual budget cycle. Depending on the mission and nature of the work of the particular laboratory, a fraction of the annual budget is set aside for work judged by the laboratory director to be of promise of importance.</p> <p>Scientific breakthroughs that are worthy of further development are transferred to the regular research and development program. Those that remain require post-research study and analysis. A five-year retention after completion is allowed for decision to continue additional independent research or abandon the research effort.</p>	<p>NN 170-33</p>
