All items in this schedule are inactive. Items are either obsolete or have been superseded by newer NARA approved records schedules.

Description:

In 1989, Air Force submitted N1-AFU-90-003 to cover all of their temporary items in AFR 12-50, Volume II, Disposition of Air Force Records (dated 1987) under a single job number. The items on this schedule are temporary. It is assumed that the items on this schedule were therefore superseded by N1-AFU-90-003.

The Civil Engineering Manuals (SAC CEMS) are issued as a specialized publication applicable to SAC only. The manuals provide information to operate and maintain the installation as a system. They provide operation and maintenance instruction for Real Property Installed Equipment (RPIE). The manuals are closely associated with the Technical Order System covered under rules 3 and 4 of this table, however these apply Air Force wide. The SAC CEMS are not considered permanent because they are continually changed, updated and rescinded as Air Force inventory changes. Treating these CEMS as Technical Orders will also preclude yearly retirement of approximately 18 cu ft of permanent storage.</p> <p>A sample copy of a typical SAC CEM can be provided upon request.</p> <p>The proposed disposition criteria will adequately satisfy Air Force requirements.</p>	N C 1 - AFU - 76-51
