1	<p align="center">AIRCRAFT MAINTENANCE RECORDS (Table 66-5)(Applicable Air Force-wide)</p> <p>The purpose of this submission is to establish disposition criteria for rules 5-9 which cover weights and balance data. The weights and balance data records from table 55-2, rule 10 are moved to table 66-5 and expanded to better reflect the disposition of this data.</p> <p>Rule 5 covers an aircraft's weight and balance history. Rule 6 covers the checklist and the aircraft-5 technical orders. These records are not needed after superseded or all check columns have been utilized. Rules 7-9 cover flight clearance Forms F. These records may be destroyed at completion of mission or for canned Form F, after a new canned Form is completed. A canned form is a filled out in advance form. It can be used instead of completing a form for a flight if the aircraft has the same configurations as that on the canned form. Forms F related to an aircraft accident are needed for 1 year after the accident investigation is finished.</p> <p>The proposed disposition standards will satisfy our current requirement.</p>	NN-170-33	5 items
