

# NOTICE - SOME ITEMS SUPERSEDED OR OBSOLETE

## **Schedule Number: NC1-AFU-81-19**

Some items in this schedule are either obsolete or have been superseded by new NARA approved records schedules. This information is accurate as of: 12/1/2024

### **ACTIVE ITEMS**

These items, unless subsequently superseded, may be used by the agency to disposition records. It is the responsibility of the user to verify the items are still active.

Item 19/2/1

### **SUPERSEDED AND OBSOLETE ITEMS**

The remaining items on this schedule may no longer be used to disposition records. They are superseded, obsolete, filing instructions, non-records, or were lined off and not approved at the time of scheduling. References to more recent schedules are provided below as a courtesy. Some items listed here may have been previously annotated on the schedule itself.

In 1989, Air Force submitted N1-AFU-90-003 to cover all of their temporary items in AFR 12-50, Volume II, Disposition of Air Force Records under a single job number. It is therefore assumed that all of the temporary items on this schedule were superseded by N1-AFU-90-003.

1	<p align="center"><b>INTERAGENCY AND INTERGOVERNMENTAL COORDINATION OF LAND, FACILITY AND ENVIRONMENTAL PLANS, PROGRAMS, PROJECTS (TABLE 19-2) (Applicable Air Force-wide)</b></p> <p>The purpose of this submission is to establish a new table on interagency and intergovernmental coordination of land, facility and environmental plans, programs, and projects. The Air Force takes an active part in community and environmental planning and interagency and intergovernmental coordination with Office of Management and Budget circular A-95 clearinghouses and local, area-wide, state and other Federal agencies. The long retention period for rules 1, 3, 4 are necessary because of litigation requirements. We need this data for both the Department of Justice and Air Force attorneys. Although there is a 6-year statute of limitations, we have found that data 20 to 25 years old has been relevant to the Government's defense. Also, it is necessary to have this documentation for administrative purposes as long as the base is active in order to protect the Air Force interests and promote consistency among Air Force and other agency land, facility and environmental plans, programs and projects.</p>
