PUBLIC AFFAIRS (Table 190-1)
(Applicable Air Force-wide)

The purpose of this submission is to add new Rules 27, 28, and 29 to Table 190-1 to cover publications and newsclopping of the Newsclipping and Analysis Service; Research and Analysis Division, Office of the Administrative Assistant to the Secretary of the Air Force (SAF/AAR). Pursuant to DOD Directive 5160.52 of March 18, 1969, SAF/AAR provides news clipping, analysis, and reference services for all components of the Department of Defense and carries out special research for the White House, National Security Council, Department of State, and other Government agencies or advisory boards and commissions. In carrying out this function, SAF/AAR maintains a voluminous collection of news clippings and also maintains and distributes related publications, most of which are compilations of selected news clippings. The National Archives and Records Service has requested that Air Force propose SAF/AAR publications for permanent retention by NARS and the news clipping collection for disposal in accordance with the provisions of this proposed schedule. These SAF/AAR publications have an annual volume of 175 cu. ft. and are accumulating at the annual rate of 10 cu. ft. (These are approximate volumes)

We would like to offer to National Archives those publications published before 1982 in 10-year blocks when most recent publications in the block are 30 years old. NARS was informally queried a few years ago to see if they wanted these publications. At that time, NARS considered these publications non-record and was not interested in accessioning. Consequently, we did not preserve a record set for some years. We will offer the record sets available. For those publications published after 1981, we will offer to National Archives in 10-year blocks when the most recent publications in the block are 5 years old. We need the older publications for long term reference. We will make a record set of the 1982 forward publications for National Archives and retain a reference set within the Air Force.
