1	<p align="center">ENGINEER QUALIFICATION RECORDS AND PROJECT CONTROL FILES (Table 88-1) (Applicable Air Force-wide)</p> <p>The purpose of this submission is to add rule 5 to cover report of Architect-Engineer (A-E) contract awards. The report is submitted on AF Form 1324 and is prescribed by Defense Acquisition Regulation 18-404. The documents high-light those A-E firms which have been awarded substantial AF contracts during each fiscal year. This enables Air Force to award future contracts to firms with few or no prior awards to "spread the wealth". This information is considered for each subsequent A-E contract.</p> <p>Recommend retention for 3 years, then destroy at the beginning of the fourth year. This will keep on file the records for the past 3 years. This will provide a quick reference to the number of awards an A-E firm has received in the past 3 years and the total dollar amounts. This information will be used to determine whether the same firm should receive another award contract or whether a new firm should be considered.</p>	NN-170-33	1 item
