(Applicable Air Force-wide)

Air Force proposes changes to Table 300-1, as follows:

- 1 Rule 13. Permanent retirement of data elements and codes standardization approved requests is no longer applicable. These documents are not considered as part of the publication's background materials. They are only used when researching new requests, changes or resolving problems and should be disposed of soon after the data element or code is no longer in use. This rule now includes Rules 16 and 17 documents.
- 2 Rule 16. Permanent retirement of DOD data elements and code standardization documents is no longer applicable, for same reasons stated in Rule 13. Rule is changed to reflect that these documents are now covered in Rule 13.
- 3 Rule 17. These documents are now covered in Rule 13.
