	<p>INDUSTRIAL FACILITIES RECORDS (TABLE 78-3, Rules 6 and 6.1) (APPLICABLE Air Force-wide)</p> <p>SAF/AQ, the office of primary responsibility for industrial facilities case files, has proposed that the real property records relating to facility leases, leaseholds, contractor's agreements, contractor appendices, AF final drawings of facility expansion, authorization of acquisition of facilities, facility contact, delegations of authority, powers of attorney, and similar legal documents reflecting the planning, acquisition, and administration of facility projects be permanent. The documents are similar to those records valued as permanent under Table 87-1 of AFR 4-20, Vol 2.</p> <p>We have created Rule 6.1 for documents for minor changes that we feel warrant being kept for an extended period of time (50 years after inactivation of facility) instead of permanent. This will allow the documents of lesser retention to be segregated and reduce the volume of permanent documents and at the same time made the records available for environmental cleanups.</p>

There are 356 cubic feet of these records stored at the Washington National Records Center.

We are attaching a copy of a letter from Gregory L. Fraser, Records Appraisal and Disposition Division, dated July 26, 1986. This letter outlines the review that has been completed on these records and offers an explanation as to why some of these records should be permanent and why some should be segregated and only kept for a lessor period.

Also attached is a copy of AFR 78-22, Management of Industrial Facilities, for your use.
