1	CIVIL AVIATION AND MILITARY FLIGHT PLAN RECORDS (Table 60-2) (Applicable Air Force-wide) The purpose of this submission is to have <u>rule 1</u> evaluated as permanent record. Rule 1 covers International Civil Aviation Organization (ICAO) and Interagency Group on International Aviation (IGIA) documents and related papers. The Air Force position and written comments to various ICAO and IGIA documents, meetings, and agreements should be permanent. The Arms Control and International Negotiation Division (AF USAF/XOXXI) is the designated Air Force point of contact for ICAO and IGIA matters. HQ USAF/XOXXI develops and or coordinates Air Force positions on all documents relating to international civil aviation. No other Air Force office will have access to all USAF positions and comments on ICAO and IGIA matters. These documents give Air Force policy and position on standardizing international civil aviation to make it safe, efficient, and economical. These recommendations concern airports, air traffic services, communications, navigation aids, meteorology, search and rescue operations, aeronautical information services or other selected areas. Historical researchers will find the records interesting since they are the only AF records that documents the Air Force position on international aviation.
