10. ACTION TAKEN

Located at the National Personnel Records Center (Military), St. Louis, Missouri, are Army organizational records generally dating from 1950 through the 1960's. These records are now being reviewed for the purpose of determining their ultimate disposition. The submission of this SF 115 is a part of this effort.

This disposition request is based upon the examination of records from several U. S. Army divisions, both stateside and overseas. The degree of standardization of records series in both types of divisions is quite high, although overseas divisions did create several series, of insignificant volume, not created by stateside divisions.

Since every division was not examined in detail, the volume given for each series extant in more than one division is an approximation. The same is true for dates, although all the records were created ca. 1951-1965.

Unless otherwise noted, the item numbers listed in column 9 are those in AR 240-18.
