Sequence Number																	
1	<p>Third Party Request (TPR) System The TPR system is used to request and approval access to Army Reserve military personnel record. The requests concern soldier employment and similar information, approvals and authorizations. The onetime access is provided by means of a 15-character alpha-numeric personal identification number (PIN); generated by the soldier. Soldiers are guided through several steps to establish PINs and select the documents and data that can be viewed by a third party requester. Soldiers must give the PIN to the individual seeking information. This PIN is one-time use only, and expires after 30 days. Additional requests require the soldier to visit the site again and establish a new PIN. Input records covered by DAA-GRS-2013-0001-0001 Item 10 for hard copy and analog, and by DAA-GRS-2013-0001-0004 Item 20 for electronic input/source records.
