## Records Schedule Items

Sequence Number	
1	<p>Performance and Injury Research Standalone Network (PIRSN). PIRSN is a standalone network that supports the research mission of US Army Research Institute of Environmental Medicine (USARIEM). The PIRSN houses two distinct data repositories: 1) Total Army Injury and Health Outcomes Database (TAIHOD), and 2) Automated Neuropsychological Assessment Metrics (ANAM) Military Performance Database (AMP-D). The TAIHOD contains data on Army Active Duty personnel and AMP-D contains data on military personnel from all DoD branches and components. The PIRSN was formerly named the TAIHOD Standalone Network and the name was changed on 29 March 2017. The name was changed in order to separate the name of the network from the name of the database and thereby eliminate confusion. Data in these repositories are used only for human studies research in the examination of group-level trends. Both PIRSN data repositories store medical and personnel information and as such, serve as epidemiologic research tools in support the USARIEM mission of conducting research to improve and sustain Warfighter health and performance. Submitted for disposition are PIRSN Master Files only. Input records are covered by DAA-GRS-2013-0001-0001 Item 10 for hard copy and analog, and by DAA-GRS-2013-0001-0004 Item 20 for electronic input/source records.
