	<p style="text-align: center;"><u>Dental Readiness (DENTRAD) Files</u></p> <p><u>Background and Additional Information</u> The Dental Readiness (DENTRAD) System reflects the dental readiness status of all active duty personnel. The system is designed to provide information to line units concerning the dental readiness of assigned personnel and to Dental Activity Commanders and Clinic Officers in Charge for management purposes. The database is updated daily as personnel are reassigned, reexamined, reclassified, or separated from active duty. These records are similar to those scheduled by NARA Authority Number NN-166-204, for file number (FN) 40-66y, Photograph and duplicate medical files, except that they are in electronic format and apply only to dental information.</p> <p>a Source of data for the system Information used to populate the DENTRAD System is gathered from the servicemember's dental health record. Source information is scheduled under FN 25-1kkk</p> <p>b System administrative reports Administrative reports on use, monitoring, and maintenance of the system, applications, and electronic records. These reports are scheduled under FN 25-1lll</p> <p>c System documentation and specifications Database system specifications and operational documentation consisting of information adequate to identify, service, and interpret the database to include record layouts, data element definitions, code translation tables for coded data, and user guides. System documentation is scheduled under FN 25-1mmm</p> <p>d Backups Scheduled copying of the master file for use in case the original (master) file is damaged or destroyed. Backup files are scheduled under FN 25-1nnn</p>
