Privacy Act: Not applicable

Description: The stock record accounts of depots, stations, and other activities constitute installation or activity property accounts, depot custodial records and other documentation of accountable supply distribution activity (ASDA) wholesale stocks. As such they are distinguished from contract property accounts. Installation or activity property account and depot custodial records and other documentation of ASDA wholesale stocks are those which reflect the receipt (regardless of source), storage, issue, usage or location of Government property furnished to Army contractors under contract. Stock record account files are the basic records showing by item the receipt, disposal, and quantities of supplies on hand.

These accounts are maintained by an accountable officer, except for depot custodial records and other documentation of ASDA wholesale stocks, which are maintained by a responsible officer. They include vouchers with supporting documents or attachments thereto; stock record cards or any equivalent forms used in their place; and stock record account files, which normally consist of the following:

- a. Debit voucher files, which include shipping documents, discrepancy reports, copies of purchase orders, packing lists, shipping tickets, property turn-in slips, or other documents filed with vouchers to a debit voucher file.
- b. Inventory and stock record adjustment voucher files, including inventory adjustment reports, reports of survey, or other stock record adjustment vouchers.
- c. Requisition files or credit voucher files, consisting of--
 - (1) Requisitions.
 - (2) Shipping.
 - (3) Substitution advices.
 - (4) Extract requisitions.
 - (5) Cancellation advices.
 - (6) Purchase requests.
 - (7) Army shipping documents.
 - (8) Other documents filed in a requisition file supporting action taken on a requisition or shipping order.
- d. Unserviceable property files, including Army shipping documents, or comparable documents which are filed in an unserviceable property file as a record of property held pending repair or reclamation.
- e. Transaction histories, count cards, survey cards, and other documentation in support of inventory accounting.
- f. Stock accounting and stock control registers, such as debit voucher registers, requisition control and credit voucher registers, or other registers maintained for comparable purposes.
- g. Stock record cards will be continued in effect until filled, or until final entry is made thereon.

Note: Prior to destruction of a property account, all vouchers, both debit and credit, representing memorandum receipt accounts which have not been covered by subsequent consolidations or memorandum receipts will be removed from the files and retained pending settlement of the transactions or inclusion in subsequent consolidated memorandum receipts. Neither vouchers nor stock record cards reflecting adjusting of shortages will be destroyed before final approval is authenticated on appropriate adjustment documents, such as inventory adjustment report or report of survey. Documents relating to equipment being tested for agencies and proving grounds will be destroyed 2 years after disposition of the equipment being tested. Documents relating to all items coded "K" or "R" in the notes column of the Federal Supply Catalog, DOD Section, Medical Material will be destroyed after 3 years.
