	<p><u>Total Army Personnel Database-Active Officer (TAPDB-AO)</u>  <u>Total Army Personnel Database-Active Enlisted (TAPDB-AE)</u>  <u>Total Army Personnel Database-Reserve (TAPDB-R)</u>  <u>Total Army Personnel Database-National Guard (TAPDB-NG)</u>  <u>Army Civilian Personnel (ACPERS) Database</u></p> <p><b>BACKGROUND:</b> Initially the Integrated Total Army Personnel Database (ITAPDB) was submitted to the National Archives and Records Administration (NARA) for processing during June 2003 and was assigned job number N1-AU-03-22. As a result of extensive coordination and a meeting with NARA, the Human Resources Command, and the Records Management and Declassification Agency, it was decided that the SF 115 would be put on hold at NARA until an SF 115 for the related TAPDB-AO, TAPDB-AE, TAPDB-R, TAPDB-NG, and ACPERS systems is received for processing, then NARA would proceed to work the ITAPDB. The records on these five Army Component information systems are created to maintain and manage military and civilian employees. They contain the same personnel data as the ITAPDB, and are the source databases that provide information to the ITAPDB as required. The agency to contact for information on the five systems is the U.S. Army Human Resources Command, Personnel Information Systems Directorate, Alexandria, VA. The disposition instructions apply to records in all media and format.</p> <p>(CONTINUED ON NEXT PAGE)</p>
