77	<p align="center">Army Master Range Plan (AMRP) Range Tracker AR 350-19</p> <p>Background The Army Master Range Plan (AMRP) is the master repository of information concerning range modernization and training land acquisition projects. It serves as the Army's database of record for all range projects. The AMRP tracks each range modernization project through the construction process, which includes planning, programming and design. It also includes funding data for training land acquisitions, program support by agencies that directly support the Army's sustainable range program (SRP), and research, development, and acquisition for range technology systems and acquisition. The SRP concerns the standardization of ranges, targetry, range instrumentation and operating systems across the Army and for joint applications.</p> <p>Users of the system include the SRP program managers who use the AMRP to manage range modernization project cycle information and to support HQDA planning, budgeting, and programming.</p> <p>RN 350-19b Title Army Master Range Plan Master File Authority TBD PA~ TBD</p> <p>Description Documents related to needs for training facilities. Included are requirements, studies, justifications, maps, and similar information.</p>
