Title Structure and Manpower Allocation System (SAMAS) Master File

Authority TBD

PA. NA

SAMAS is Army's database for allocation of resources to the various Army organization TDAs. SAMAS records, maintains and distributes force data. Its main purpose is accounting for personnel and equipment authorizations. The SAMAS database contains troop program sequence number, unit identification code (UIC), combat army regimental system (CARS), branch and unit level codes and descriptions, structure and authorized strength, the approved management decision package, and resource operating code (ROC).

TEMPORARY T20 Keep until no longer needed for conducting business, then retire the AEA. The AEA will delete the record when it is 20 years old.
