1	<p><u>THREAT SUPPORT INTELLIGENCE PRODUCTS (381-11a)</u>. Documents relating to foreign force capabilities and constituting Army-approved intelligence for use in developing threat assessments. Included are publications and automated data bases.</p> <p><u>Disposition:</u> Destroy when no longer needed for current operations.</p> <p><u>BACKGROUND:</u> The rationale and justification for the establishment of this file is essential. A requirement exist for Army to have at every level, accurate and current materials for their work to support concept and doctrine development and training development. These documents pertain to all aspects of current threat technology, developments, training, tactics, equipment and organization, and allows the Threat Manager to accurately monitor the threat with support of systems, mission area analysis, systems program review and functional area analysis, and in addition, allows the threat manager to be aware of changes throughout the life cycle of the system or study. The above will meet present Army requirements.</p>
