   Occupational health surveillance x-rays
   The U.S. Army Health Services Command, proponent for
   Army medical operations, has requested this file
   number be established as follows:

   FN: 40-66cc
   Title: Occupational health surveillance X-rays
   Authority: To be determined
   Privacy Act: A40-66DASGb
   Description:
   X-ray films taken for medical surveillance of
   military personnel exposed to toxic substances or
   harmful physical agents in their work environment.
   Disposition:
   X-ray films that are 8 1/2" x 11" or smaller will be
   retired to the National Personnel Records Center
   (NPRC) with the individual's Health Record (HREC).
   Oversized chest/torso x-ray films will be retained
   in their original form by the appropriate Medical
   Treatment Facility (MTF) at the last duty station.
   A notation will be placed in the HREC of the
   findings, the location of the film, and procedures
   for obtaining it. These x-rays will be retained for
   the duration of military service plus 30 years.
