	<p>ATOMIC INFORMATION EXCHANGE FILES (FN 238-04, AR 340-18-2). Documents relating to requests from various foreign governments/allies for atomic information, to include requests for regulations, manuals, reports, and other related documents.</p> <p>Cut off at the end of calendar year. Destroy after 1 year.</p> <p>Request authority to establish the file description and disposition instructions stated above for atomic information exchange files. These files accumulate in the Office of the Deputy Chief of Staff for Operations and Plans (DGSOPS). As a result of the Army staff reorganization in 1974, DGSOPS became proponent for many missions which were not included in the initial publication of the AR 340-18 series. Since the reorganization, these records have been filed under FN 201-08, Unidentified files, with disposition instructions to retain in current files area until a file number is established. Some of these records are now eligible for either retirement or destruction; and the critical shortage of available storage space and equipment now make it mandatory that file numbers be established.</p>
