	<p>FOREIGN NATIONAL OUTPATIENT RECORD FILES (FN 919-03, AR 340-18-9). Documents reflecting outpatient treatment or observation of foreign nationals, except NATO personnel and their dependents. Included are outpatient folders consisting of medical forms and related documents.</p> <p>Destroy after 25 years. Withdraw and retire to National Personnel Records Center (Civilian), 111 Winnebago Street, St. Louis, MO 63118, 3 years after end of the year in which last medical treatment was given.</p> <p>Request authority to establish disposition instructions, as stated above, for FN 919-03. Current disposition instructions present legal problems with the Federal Tort Claims Act and the civil rights of the patient. Discussions with legal counselors in the Office of the Judge Advocate General revealed that the US Government could be in violation of the Civil Rights Act by releasing these medical records to unauthorized individuals; and, should the Army be charged with malpractice, under the Federal Tort Claims Act, records would not be available for preparation of a defense. Therefore, it is imperative that these medical records be retired to the National Personnel Records Center and retained for 25 years.</p>
