	Nuclear and Chemical Cost Analysis File (FN 237-15, AR 340-18-2). Cost estimates and documents regarding material development and procurement programs for tactical nuclear warheads, theater nuclear programs, chemical warfare systems and NBC defense programs. Disposition: Permanent. Cut off when no longer required for current operations. Request authority to establish file disposition standard described above for Nuclear and Chemical Cost Analysis Files. These files contain cost estimates and analysis for the development and procurement of nuclear, chemical and biological defense items. They accumulate in the Office of the Deputy Chief of Staff for Operations and Plans and are classified "TOP SECRET". DCSOPS has Army responsibility for chemical nuclear and biological defense. Present volume is 1/4 linear foot and records accumulate at a rate of 1 linear foot annually. They will be offered to the National Archives after 25 years. These records, along with all of the other requests in the 237-series support the overall SALT program. * NBC = Nuclear, Biological and Chemical
