	<p><u>Disposition:</u> a. Office performing Army-wide responsibility: Permanent. <i>OFFICER WHEN 20 YEARS OLD. *</i></p> <p>b. US Army Institute for Military Assistance: Permanent. Retire after 7 years at the installation. <i>OFFICER WHEN 20 YEARS OLD. *</i></p> <p>c. Other offices: Destroy after 2 years. <i>YEARS OLD. *</i></p> <p><u>BACKGROUND:</u> (applies to both record series above)</p> <p>This SF-115 replaces replaces NCI-AU-81-14 dated 18 December 1980, which was received by NARS 1-8-81. This request is submitted to request a change from the approved standard for these records, to allow for such records as are created by the US Army Institute for Military Assistance, Fort Bragg, North Carolina, to be designated as permanent (to be retired after 7 years at the installation). The existing disposition standards for these two record series were approved by NCI-AU-78-1 on 21 July 1978.</p> <p>The Security Assistance Training Management Office (SATMO) within the US Army Institute for Military Assistance (USAIMA) serves as the point of contact for training between the training establishments in the continental United States, on the one hand, and the various Military Assistance Advisory Groups, Missions, and Unified Commands on the other, and thus is the office of record for all Technical Assistance Teams, Mobile Training Teams, Field Training Service Teams, and surveys performed overseas under the Foreign Military Sales and International Military Education programs. There exists, within these record series, extensive information and statistical data that is used by SATMO, by students in the Foreign Area Officers Course, and by other Army-wide offices in the security assistance arena; hence the requirement for on-site availability for seven years. A preliminary opinion put forth by NARS/NCD on 12 January 1981 (Mr. Staubach) indicated that NARS considers that these records, as are maintained by USAIMA, "...appear to have permanent value from an historic and archival point of view".</p> <p>As USAIMA has an important and highly visible mission in the security assistance area, we recommend that this request be approved. These records at Fort Bragg constitute approximately 20 linear feet.</p>
