	<p>FN 232-14 Test and Experiment Raw Data Files.</p> <p>Description - Raw data accumulated in conducting troop tests and field experiments, and maintained and used by test directors to generate reduced data. Included are raw data in its collected form, such as data forms, questionnaires, magnetic tapes (including printouts of tapes), video tapes, films, and similar media.</p> <p>Disposition - Destroy after 1 year, or when no longer needed for research within the field of inquiry, <i>whichever is later.</i></p> <p>Background - The above file number will cover raw data accumulated by Army elements involved with troop tests and field experiments. Large volumes of this raw data is generated in the operations. Raw data is the lowest level of data collection. No data purification has taken place except the usual rejection by the collection organization of data which are obviously invalid.</p>
