8 DESCRIPTION OF ITEM
(With Inclusive Dates or Retention Periods)

9. SAMPLE OR
JOB NO

10 ACTION TAKEN

1.

Job NC1-AU-81-26, approved 23 September 1981, scheduled certain Army records as PERMANENT when generated during mobilization by units in a combat environment or designated as combat support elements. The instant request is an extension of NC1-AU-81-26.

2. Army's work on the collection of Vietnam War records (Southeast Asia War Records De-classification Project/SEAWARDEP) has included an analysis and identification of records which, because they document the conduct of operations against an enemy, we consider to have PERMANENT value to the history of the Union in general and the Army in particular.

3. The record series for which a wartime standard of PERMANENT is requested are listed on the attached detail sheets (Incls 1 through 5). Although there are no current examples of such records available in peacetime, there are Vietnam-era examples of all of these records available within the records collection at Washington National Records Center.

4 Permanent records accumulated by units in combat environ-

Relevant job nos. are provided on attached detail sheets

17 items

ments will be offered NARS 20 years after cessation of hostilities. Permanent records accumulated by other units will be offered in accordance with the provisions of the disposition jobs in which they were appraised as permanent.

115-107

[Handwritten notes]

STANDARD FORM 115
Revised April, 1975
Prescribed by General Services Administration
FPMR (41 CFR) 101-114

((

5. As used in this job, the term combat environment refers to actual states of war as well as situations that approximate actual wartime i.e. situations in which US forces operate against or are subject to attack from hostile forces.
