<td>The Adjutant General of the Army, in conducting two separate year-long tests at Fort Knox, KY of the Modern Army Record-keeping System (MARKS) as an eventual successor to The Army Functional Files System (TAFS), has identified several areas of recordkeeping which have heretofore been scheduled in our files structure. The records are of relatively transitory or ephemeral value, and will not enter the Federal Records Center system. In preparation for approval and publication of the Army’s schedules under MARKS (which has previously been briefed to NARS officials), we seek approval of the following new record series:</td>

SECTION III - APPRAISER'S COMMENTS

Internal Distribution Scheme Files: FN 227-17 (TAFFS), 310-2k (MARKS)

This series consists of local forms and narrative plans or instructions used in the internal distribution of blank forms and publications. As these records clearly have only temporary value, the proposed disposition should be approved.
