SUMMARY

The Department of the Army proposes a permanent designation for medical statistical summaries covered by TAFSS file number 903-01. As the records listed on the SF 115 were no longer being created in that form past 1970 because of a switch to automation, the disposition will only apply to those paper records created through 1970 that are presently stored at WNRC. The proposed disposition recommendation should be approved as the records have obvious social and statistical research value.
