1. Operational Test and Evaluation Project Case Files.  
SECHAVINST  
212.5b,  
Item  
3960 (1)

Project case files created by the Operational Test and Evaluation Force (OPTEVFOR) as a result of its activities in the testing and evaluation of specific weapons systems, ships, aircraft and equipment, including procedures and tactics where required. Series includes such documents as assignment and/or reassignment letters establishing the project; operational requirements necessary to implement the project; test and evaluation master plan (TEMP) which is the controlling management document defining the parameters of the project; safety, testing and other specifications for the implementation of actual testing; test plans; and partial and final project reports. Note: This SF115 is applicable only to project case files stored at OPTEVFOR, Norfolk, Virginia.
