 Records Schedule applies to Major Subdivision
 Major Subdivision United States Marine Corps
 Minor Subdivision I&L LF/MCICOM GF-7
 Schedule Subject National Environmental Policy Act-Process Automation and Management Support (NEPA-PAMS)

Internal agency concurrences will be provided Yes

Background Information

The National Environmental Policy Act (NEPA) of 1969, as amended (42 United States Code § 4321-4370d) establishes a national environmental policy with goals of protection, maintenance, and enhancement of the environment, and provides a process for implementing these goals within federal agencies. Title 32 C.F.R. 775 and Marine Corps Order P5090.2 (series) Chapter 12 provides procedures for the Department of the Navy and U.S. Marine Corps, respectively, to implement the requirements of NEPA. The National Environmental Policy Act-Process Automation and Management Support (NEPA-PAMS) application is a web-enabled database that supports Marine Corps compliance with NEPA, to include analysis of agency proposals, document management, and workflow tracking support. The application supports web-based action initiation; process selection, tracking, and reporting; impact analysis; commenting; decisions; mitigation monitoring and tracking; administrative record; and document archiving. Marine Corps Base Camp Pendleton started using NEPA-PAMS in FY09. NEPA-PAMS will reach Initial Operating Capability as an enterprise-wide system in FY15 and the U.S. Marine Corps will use the system on an ongoing basis.
