Approval is requested to destroy the hardcopy permanent records described in NARS disposition schedule NC1-330-77-9 after the records are microfilmed in accordance with FPMR 101-11.5. The microfilm will be verified for archival quality, and paper copies preserved if poor quality or condition of paper prevents microfilming. Any indexes which relate to these records will be microfilmed and preserved with the related records.

OSD will offer all permanent records to the National Archives when they are 25 years old unless security restrictions prevent offer at that time.
