TITLE: National Student Loan Data System (NSLDS)

PRINCIPAL OFFICE: Federal Student Aid (FSA)

NARA DISPOSITION AUTHORITY:

DESCRIPTION:

The National Student Loan Data System (NSLDS) is the national database of information about loans and grants awarded to students under Title IV of the Higher Education Act of 1965. NSLDS provides a centralized, integrated view of Title IV loans and grants during their complete life cycle, from aid approval through disbursement, repayment, delinquency, and closure.

The NSLDS contains records on borrowers who have applied for and received loans under the William D. Ford Federal Direct Loan Program, the Federal Family Education Loan (FFEL) Program, the Federal Insured Student Loan (FISL) Program, and the Federal Perkins Loan Program (including National Defense Student Loans, National Direct Student Loans, Perkins Expanded Lending and Income Contingent Loans). The NSLDS also contains records on recipients of Federal Pell Grants and persons who owe an overpayment on a Federal Pell Grant, Federal Supplemental Educational Opportunity Grant or Federal Perkins Loans.

The principal functions of NSLDS are: helping schools determine the eligibility of students for Title IV aid; calculating performance measurement of schools (cohort default rates) to determine whether schools continue their participation in Title IV programs; collecting, organizing, storing, and making available detailed comprehensive data about Title IV aid recipients and the items of aid they receive; tracking enrollment of all Title IV borrowers and disseminating the information to all loan holders; supplying the basis for paying Account Maintenance Fees (AMF) and Loan Processing and Issuance Fees (LPIF) to guaranty agencies; supporting the reasonability checking of invoices submitted to ED by FFEL participants, and supplying data to ED offices, other government agencies and various non-government entities for their use in a wide variety of functions such as, program management and oversight, audit program review planning, research and policy development, and budget analysis and development.
