These training records are created by Management and Operating Contractors (as authorized by the Secretary of Energy under Subpart 17.6, Federal Acquisition Regulation) under a variety of contracts with the Department of Energy.

Their proposed disposition is intended to assure records of the individuals employed by the contractors are preserved so as to protect their rights, as well as those of the contractors and the Government. Their proposed disposition originated with the contractor organizations and has been reviewed and approved by this Department.

All changes to this proposed schedule have been approved by:

*Arthur D. Johnson* x *William J. ...*  
Agency representative      NARA Appraiser

Individual Records

Contractors must maintain one master folder for each contract employee, or create one master folder on transfer or separation when training activities are responsible for maintaining records. Folders are to be filed in alphabetical order by subject name (last name, first name, middle initial).

1. Contract employee individual folders which contain ONLY the following documents.

- a. On-the-job training checklist, <sup>The results of</sup> completed during qualification, including final written examination used for qualification or certification; records of oral examinations given for qualification or certification; simulator/operational evaluation records; new employee indoctrination/orientation checklists; and, records of exemptions to these documents;

Cut off file at time of separation or transfer of employee. Screen out and destroy all item 1d records. Transfer folders with remaining documents to local FRC in one-cubic foot increments. Destroy 4 years after cut off.

- b. Checklists <sup>the results</sup> completed for recertification, including written examination given for recertification; and, records of oral examinations given for recertification;
- c. Documentation of qualification for one-time-only special tests and operations;
- d. Results of medical examinations (only pass/fail and restrictions); balance of results retained in medical file.

2. Contract employee individual folders which contain item 1 documents AND also contain:

Attendance/completion records of training courses or sessions which include subjects dealing with hazardous materials directly applicable to the employee's job or position.

Cut off at time of separation or transfer of employee. Screen out and destroy all item 1d records. Transfer folders with remaining documents to local FRC in one-cubic foot increments. Destroy 75 years after cut off.

## ADMINISTRATIVE RECORDS

3. Administrative training records such as; description of course content; examination banks; examination cover sheets; content, attendance rosters; documentation of required performance items; and, course lesson plans.
  - a. For courses relating to the handling of hazardous toxic or radioactive materials radiation safety or critically safety, or any training where chronic exposure may have had impact, send to FRC after last session Destroy 75 years after last session.
  - b. For all other courses, send to FRC after last session. Destroy 2 years after last session.
4. Drill guides/scenarios. Destroy when superseded or obsolete. Do not send to FRC.
5. Correspondence on the establishment, administration, and availability of a course. Destroy 2 years after last session. Do not send to FRC.
6. Course training aids. Destroy when superseded or obsolete. Do not send to FRC.
