Records of the Office of Civilian Radioactive Waste Management as more specifically described on the attachment.

This certifies that the records described herein have been and will be microfilmed in accordance with the standards set forth in 36 CFR Part 1230.

*Withdrawn
2 items*

Copies Sent

1. Civilian Radioactive Waste Management Project Planning and Design Files.

Records include planning documents for the siting and design of the radioactive waste repository(ies) and Monitored Retrievable Storage (MRS) facilities, including project description, location, performance schedule; (2) architectural renderings and engineering drawings; (3) special engineering/design reports, studies and data. Records contain pre-Title I design documentation, site characterization study material, design models, systems engineering, integration, and performance data, Title I and Title II design records for radioactive waste management system facilities and sites, and such documents as required by the Program Management System Manual, including Mined Geologic Repository Management Plan, Monitored Retrievable Storage Management Plan, Site Characterization Plans, Environmental Monitoring and Mitigation Plans, and Socioeconomic Program Plans. Additional records include planning documents for the radioactive waste transportation system including system description, and schedule. Records include all letters, memoranda, reports, contract deliverables, and technical computer code documentation pertaining thereto.

Microfilm record: Permanent. Transfer silver halide microfilm master, plus one diazo or vesicular copy, to the National Archives immediately after verification.

Hardcopy originals: Destroy immediately.

2. Civilian Radioactive Waste Management Radioactive Waste Disposal or Unplanned Deposition Records.

Program regulations, guidelines and other pertinent standards, guidelines and procedures governing radioactive waste disposal and/or shipments, including repository and MRS facility siting guidelines, radioactive waste transportation guidelines or shipment records, and all memoranda, reports, analyses and letters, memoranda, reports, and contract deliverables regarding such documents.

Microfilm record: Permanent. Transfer silver halide microfilm master, plus one diazo or vesicular copy, to the National Archives immediately after verification.

Hardcopy originals: Destroy immediately.
