<td>1</td>
<td>OIL IMPORTS LICENSING AND ALLOCATION FILES (1973 to MARCH 1979). Files consist of: original applications and related correspondence submitted by U.S. oil companies and independents applying for petroleum allocations and licenses for importing petroleum. Bonds or check stubs for payment of license fees; original licenses showing petroleum actually imported as entered on the license by the U.S. Customs Service; Consumption Entry, U.S. Customs Form 7501 and Duty Paid Warehousing Withdrawal for Consumption, U.S. Customs Form 7505, completed by the U.S. Customs Service and used in the Department to verify the quantity of petroleum products actually imported with the amount authorized. Files also consist of remittance advices and check stubs pertaining to payment of base and supplemental fees; and refund requests for customs duties, improperly charged fees, petrochemical exports, and asphalt production, as offsets against the base and supplemental fees. Related computer generated information such as the Importers Statement of Activity used in the Department for verification of fees imposed on petroleum products.</td>
<td>Transfer to FRC when 3 years old. DESTROY when 15 years old.</td>
