4/20/79	<i>Jacquelyn L. Tolson</i>	PHS Records Officer		Office of the Director Division of Contracts and Grants Financial Advisory Services Branch Audit Resolution Section The Audit Resolution Section serves as the focal point within NIH for review, processing and resolution of audit reports on contractor and grantee organizations, such as universities and research hospitals, which receive funding from NIH. The section receives reports on all such institutions. The audits are conducted principally by the HEW Audit Agency, but also by the Defense Contract Audit Agency and the Department of Agriculture Audit Office. The section is responsible for follow-up and resolution of any problems related to activities funded by NIH. Thus, the audits should reveal any errors or shortcomings in the management of and accounting of federal funds by the institutions; however, the audits are not conducted on a regular schedule.
