Organizations to be recognized as "qualified" must meet certain organizational and operational requirements (as specified in Section 1301(b) and (c) of the PHS Act) and are required to submit periodic reports to the Office of Health Maintenance Organization (OHMO) on their membership, utilization and finances. A wide range of benefits accrue to these organizations that are recognized as qualified.</p> <p>On September 19, 1978, OHMO was officially established. The Division of Compliance (DOC), OHMO, was created to monitor all federally qualified HMOs to assure their continuing compliance with the HMO authorities. Implementing these authorities requires the development of policies, procedures and regulations to govern the ongoing compliance of qualified HMOs.</p>
