1.	<p>This is a request to modify an existing disposition authority (HHS, B-361, 3000-G-3) to eliminate the contingency from the retention instruction of 3000-G-3b and allow transfer of records to Federal Records Centers. The modification would delete current items 3000-G-3a and 3b and change the designation of 3c to 3a.</p> <p>3000-G-3 <u>Records of basic experimental and statistical data</u> collected or developed for each research project. Any or all of the following are included: logs, notebooks, cards, forms or other media on which observations and data are recorded; records on patients or normal volunteers of interviews, questionnaires, examinations, or laboratory tests, including machine readings and data from slides, specimens or cultures; copies of abstracts of non-clinical records on individuals such as birth and death certificates; records created in processing and analyzing data related to or resulting from the project, including indexes, code cards and sheets, charts, graphs, punch cards, computer output in paper or microfilm form, tabulations, diagrams or drawings, etc.; and intermediate compilations or analyses and progress reports with feeder reports and background material.</p> <p align="center">MASS DATA CHANGE SHEET ATTACHED</p>		<i>2 items</i>

	<p>When records in this series have been microfilmed in accordance with the standards set forth in 41 CFR 101-11.506, the microform may be retained in accordance with the instructions (b) below, and the originals from which the microfilm was made may be destroyed in accordance with (a).</p> <p>a. Original full-sized copies of records which have been microfilmed, when the microfilming has been done in accordance with the standards set forth in 41 CFR 101-11.506.</p> <p><u>Disposition:</u> Destroy originals when microfilm copies have been examined and shown to be acceptable.</p> <p>b. Original records which have not been microfilmed, and microfilm or microfiche masters produced in accordance with the standards set forth in 41 CFR 101-11.506.</p> <p><u>Disposition:</u> Destroy when the project leader or principal investigator determines that the records are no longer useful for research. Inactive records which need to be kept for more than 3 years may be transferred to a Federal Records Center for storage, provided that the project leader specifies in advance of transfer the month and year when the records are to be destroyed.</p> <p><i>January 5, 1984</i> Date</p> <p><i>Kenneth F. Thibodeau</i> Kenneth F. Thibodeau, Ph.D. NIH Records Management Officer</p>
