Background Information           In 1979, Congress established the Board for Correction of Public Health Service Commissioned Corps Records (The Board). The Board is established in the Office of the Assistant Secretary for Administration, Program Support Center (PSC). Functioning on behalf of the Department of Health and Human Services (HHS) Secretary, the Board is the highest administrative appeal within HHS for Commissioned Corps officers.

The Board works with U.S. Public Health Service Commissioned Corps Officers to correct the personnel records of active duty or retired Corps officers when necessary or remove injustices. The function of the Board is to consider all applications properly for the purpose of determining the existence of an error to correct any record maintained or an injustice and to make recommendations to the Executive Director for disposition of the application.

The Board is administratively removed from the Commissioned Corps' office to ensure fairness and avoid bias in Board decisions. As an independent entity, the Board has the authority to seek information from outside Corps channels if judged critical to making decisions.
