Background Information           The Patient Safety and Quality Improvement Act of 2005 (Patient Safety Act), and its implementing regulation in 42 CFR Part 3 (Patient Safety Rule), authorize the creation of Patient Safety Organizations (PSOs). The Agency for Healthcare Research and Quality (AHRQ), of the Department of Health and Human Services (HHS), administers the provisions of the Patient Safety Act and Patient Safety Rule dealing with PSO operations. Patient Safety Organizations (PSOs) seek to improve the quality and safety of health care delivery. Organizations that are eligible to become PSOs include: public or private entities, profit or not-for-profit entities, provider entities such as hospital chains and other entities that establish special components to serve as PSOs. It is the responsibility of AHRQ to initially certify entities that seek to be PSOs. This office will also conduct subsequent (every 3 years) certifications of PSOs to determine if they are compliant with the provisions of the Patient Safety and Quality Improvement Act (PL 109-41). Once a PSO is certified, PSOs are subject to compliance assessment.
