

Request for Records Disposition Authority

Records Schedule Number DAA-0511-2016-0004
Schedule Status Approved

Agency or Establishment Substance Abuse and Mental Health Services Administration
Record Group / Scheduling Group Records of the Alcohol, Drug Abuse, and Mental Health Administration
Records Schedule applies to Agency-wide
Schedule Subject Suicide Prevention Data Center
Internal agency concurrences will be provided No

Background Information The Suicide Prevention Data Center (SPDC) is an online data collection and management system used to support the Garrett Lee Smith (GLS) Youth Suicide Prevention and Early Intervention Program grantees in implementing the National Outcomes Evaluation as required by the Garrett Lee Smith Memorial Act (GLSMA). The SPDC is a mechanism for communicating evaluation activities, managing and storing data, and disseminating evaluation findings. The SPDC provides necessary resources to grantees and supports them in implementing the National Outcomes Evaluation. Additionally, the SPDC is a resource for other GLS project stakeholders.

3 The Training Utilization and Preservation Survey (TUP-S) (Public Use Version)

Disposition Authority Number DAA-0511-2016-0004-0003

The TUP-S dataset consists of data gathered at the individual level from persons who attended a GLS funded training event 3 and 6 months after the training occurred. This dataset includes information about the impact that the training has had on the individual's understanding and their use of the skills and knowledge gained during the GLS funded training event. The Public Use Version is a redacted copy of the Raw Data Version. It consists of de-identified data sets of the facility or individual collected from sites that have completed their GLS grant activities.

Final Disposition Temporary
Item Status Active
Is this item media neutral? No

	Early Identification Referral and Follow-up (EIRF) Individual and Screening Form (Public Use Version)	
	Disposition Authority Number	DAA-0511-2016-0004-0005
	The EIRF dataset contains information about each individual youth who was identified and referred for mental or non-mental health related services as part of a grantee's GLS activities (though a screening event or by a trained gatekeeper). These individual level records consist of demographic information, the setting where the youth was identified, the role of the person who made the identification,	

and what services the youth was referred to after the identification. In addition, records contain follow-up information about whether the individual received the services for which they were referred. The EIRF Screening form is used to collect information on youths identified at risk through screening activities. Public Use Version: The Public Use Version is a redacted copy of the Raw Data Version. It consists of de-identified data sets of the facility or individual collected from sites that have completed their GLS grant activities.

Suicide Prevention Exposure, Awareness, and Knowledge Survey (SPEAKS) - Student (Public Use Version)

Disposition Authority Number DAA-0511-2016-0004-0006

The SPEAKS- student dataset contains individual level information from a sample of college students on GLS funded campuses. These data include student demographics, the students' exposure to suicide prevention on their campus, their attitudes about suicide and seeking help, their self-efficacy to perform suicide-prevention related behaviors, their knowledge of suicide myths, facts, and their campus resources, and their connectedness and help-seeking behaviors. The Public Use Version is a redacted copy of the Raw Data Version. It consists of de-identified data sets of the students collected from sites that have completed their GLS grant activities.

7 **Suicide Prevention Exposure, Awareness, and Knowledge Survey (SPEAKS) - Faculty/Staff (Public Use Version)**

Disposition Authority Number **DAA-0511-2016-0004-0007**

The SPEAKS- faculty/staff dataset contains individual level information from a sample of faculty and staff on GLS funded campuses. These data include faculty experiences with suicide prevention, training and making referrals, knowledge of suicide, suicide risk factors and available resources and the impact of suicide prevention programs among those who work on funded campuses. Public Use Version: The Public Use Version is a redacted copy of the Raw Data Version. It consists of de-identified data sets of the faculty and staff collected from sites that have completed their GLS grant activities.

8

School-based Health Form (SBHF) (Public Use Version)

Disposition Authority Number DAA-0511-2016-0004-0008

The SBHF replaces the Management Information System Extract (MIS) and gathers information about policies and procedures in place to identify, refer, and serve youth who are at risk for suicide in addition to gathering information on student suicide attempts and completions. Public Use Version: The Public Use Version is a redacted copy of the Raw Data Version. The Public Use Version consists of de-identified data sets collected from sites that have completed their GLS grant activities.

Additional Information

GAO Approval Not Required

13

Behavioral Health Provider Survey (BHPS) (Public Use Version)

Disposition Authority Number DAA-0511-2016-0004-0013

The goal of the BHPS is to assess the extent to which grantees and partnering providers are implementing National Strategy for Suicide Prevention (NSSP) Goal 8 and 9 practices, and whether these practices lead to the long-term outcomes of reductions in suicide deaths and attempts. Public Use Version: data sets of grantees and partnering providers collected from sites that have completed their GLS grant activities.

Referral Network Survey (RNS) (Public Use Version

Disposition Authority Number **DAA-0511-2016-0004-0015**

The Referral Network Survey is a method for obtaining information about the agencies working with State/Tribal grantees to identify and refer at-risk youth. The RNS includes information about the nature and quality of the relationships across the referral network. The Public Use Version is a redacted copy of the Raw Data Version. The Public Use Version consists of de-identified data sets collected from sites that have completed their GLS grant activities.

Early Identification Referral and Follow-up (EIRF) Individual and Screening Form (Raw Data Version)

Disposition Authority Number DAA-0511-2016-0004-0020

The EIRF dataset contains information about each individual youth who was identified and referred for mental or non-mental health related services as part of a grantee's GLS activities (though a screening event or by a trained gatekeeper). These individual level records consist of demographic information, the setting where the youth was identified, the role of the person who made the identification, and what services the youth was referred to after the identification. In addition, records contain follow-up information about whether the individual received the services for which they were referred. The EIRF Screening form is used to collect information on youths identified at risk through screening activities.
